

How Jamacast Works !!!

It's simple, become a member and join in on the fun. This site is about musicians helping musicians. Collaborate with other musicians, chat with friends, create forums, and put your music on the front page of the site.

- . 100% of all profits generated by this site go directly to charity.**
- . Jamacast helps musicians by sharing advertisement revenue. 25% of this revenue is given directly to its member musicians.**

Don't be Fooled !!!

Jamacast is trying to help musicians as well as casual listeners of music to better understand that there are other ways to promote and be successful with their music endeavors without being controlled by large corporate RIAA backed labels.

The RIAA are responsible for going after law makers, lobbyists and congressmen, to establish rigid constraints against the interest of the artists and the fans. In some cases the artists only receive 6 cents per track on a CD that may cost as much as \$15.00 - \$20.00 in stores. This is simply not acceptable. The RIAA is now trying to prevent artists from receiving any money from the download purchases of their own music.

Become More Informed !!!

To learn more about how the music industry has been over taken with corruption and why sites like jamacast.com and others like us are so needed. First you must learn who the enemy of the artists are. Go to the following links to learn more.
